AGRICULTURAL TENANCIES ACT 1990 No. 64

NEW SOUTH WALES

Act No. 64, 1990

An Act to regulate the rights of agricultural landowners, tenants and sharefarmers and to provide for the determination by arbitration of disputes between them; to repeal the Agricultural Holdings Act 1941; and for other purposes. [Assented to 26 October 1990]

The Legislature of New South Wales enacts:

PART 1—PRELIMINARY

Short title

1. This Act may be cited as the Agricultural Tenancies Act 1990.

Commencement

- 2 This Act commences on a day or days to be appointed by proclamation.

Objects

3. The objects of this Act are:
 - (a) to require and encourage agricultural landowners and their tenants and sharefarmers to make suitable and adequate provision to protect their farming properties from deterioration; and
 - (b) to encourage the parties to put their leases and sharefarming or other agreements in writing and to give a party the right to have the provisions of a lease or any such agreement reduced to writing; and
 - (c) to permit and encourage the parties to make their own agreements regarding compensation for stored products, for tenants' fixtures and other matters, regarding the landowner's right of entry, the making of records of the condition of the farm, the keeping and inspection of accounts and the service of documents and regarding other rights and procedures; and
 - (d) where they fail to make their own agreement, or where their agreement is unreasonable, to provide basic provisions that are to be considered fair and reasonable as between the parties; and
 - (e) to permit and encourage the parties to make their own agreement as to adequate notice of termination of a lease or sharefarming or other agreement but, if they fail to agree, to prescribe the period of notice adequate for a particular class of case; and
 - (f) to provide for compulsory arbitration outside the court system for resolving by an arbitration committee all disputes relating to leased and sharefarmed agricultural land and other agricultural

tenancies (the procedures for such arbitration to be as quick, cheap and free of legal technicality as is consistent with doing justice between the parties).

Definitions

4. In this Act:

"agricultural purposes" means grazing, dairying, pig-farming, poultry farming, viticulture, orcharding, bee-keeping, horticulture, vegetable growing, the growing of crops of any kind, forestry, or any combination of any of those things;

"Director-General" means the Director-General of the Department of Agriculture and Fisheries, and includes a Deputy Director-General;

"farm" means a piece of land not less than 1 hectare in area occupied or used by a tenant and which is wholly or mostly used or intended to be used for agricultural purposes;

"improvement" means any work or thing carried out on a farm in the course of a tenancy, being a work or thing that would be of value to an incoming tenant, but does not include the repair or replacement of any work or thing already on the farm, except as provided by this Act;

"owner" means any person for the time being entitled to the rents and profits of a farm;

"tenancy" means a lease or licence, an agreement for a lease or licence, a tenancy at will or a sharefarming arrangement or any other arrangement by which a person who is not the owner of the farm has a right to occupy or use it;

"tenant" includes a sharefarmer and any person whose right of occupancy or use of a farm is derived from the tenant, but does not include a tenant employed by the owner.

PART 2—COMPENSATION FOR IMPROVEMENTS ETC.

Division 1—Compensation to tenants

Compensation for tenants' improvements

5 (1) In this Division (section 9 excepted), **"compensation"** for an improvement means the value of the improvement to an incoming

tenant, taking into account the value of any consideration or benefit given by the owner to the tenant for carrying out the improvement.

(2) A reference in this Division to the value of an improvement or product to an incoming tenant is a reference to the financial returns that might be expected to accrue to a (hypothetical) incoming tenant on account of the improvement or product, if the farm were to be subject to a further tenancy (not being a sharefarming arrangement).

(3) In determining what constitutes fair compensation for the purposes of this Division, regard may be had to the financial resources of the parties, the financial returns that may be expected from the improvement and other factors.

(4) If Compensation is required to be paid to a tenant in accordance with this Division, it is payable when the tenant leaves the farm or at such earlier time as may be agreed or as may be determined by arbitration.

Improvement carried out by consent

6. (1) A tenant may carry out any improvement on the farm with the consent of the owner.

(2) If an amount of compensation to the tenant for the improvement is fixed by agreement, the owner must pay the tenant the agreed amount, unless the agreed amount is unfair.

(3) If compensation is not fixed by agreement at a fair amount, or is not fixed at all, the owner must pay fair compensation to the tenant.

Improvement carried out without consent

7. (1) Without the owner's consent, a tenant may carry out an improvement on the farm only if:

- (a) it is an improvement mentioned in Schedule 1 or a work or thing prescribed by the regulations for the purposes of this section; or
- (b) the improvement is first determined by arbitration to be suitable and desirable.

(2) The owner must pay fair compensation to the tenant for the improvement:

- (a) if it is an improvement referred to in subsection (1) (a); or
- (b) if it is an improvement referred to in subsection (1) (b) and compensation is determined by arbitration to be payable.

General improvement

8. (1) If there has been a general improvement to a farm by the adoption of better farm management by the tenant:

- (a) than is normally practised on farms of the same character, and in the same neighbourhood, as the farm concerned; or
- (b) than is required by any agreement,

the owner must pay fair compensation to the tenant.

(2) In the case of a dairy farm, any increase in the milk quota for the farm is one kind of evidence of general improvement to the farm.

(3) The compensation is to be reduced by the amount of any compensation paid or agreed to be paid, or awarded by arbitration, for a particular improvement which caused or contributed to the general improvement.

Compensation to tenant for stored products

9. (1) The owner must pay the tenant fair compensation for any products stored by the tenant during the tenancy and left on the farm when the tenant leaves.

(2) In this section:

"**compensation**" means:

- (a) except in the case of a sharefarming arrangement, the value of the products to an incoming tenant; or
- (b) in the case of a sharefarming arrangement, a proportion of that value equal to the proportion of the farm produce (or value of the farm produce) to which the tenant is entitled under the arrangement;

"**products**" means grain, hay, silage, fertiliser or any other useful commodity, whether or not a product of the soil

Division 2—Compensation to owners

Compensation for owners' improvements

10. (1) In this Division (section 13 excepted), "**compensation**" for an improvement means the value of the improvement to the incumbent tenant, taking into account the value of any consideration or benefit given by the tenant to the owner for carrying out the improvement.

(2) In determining what constitutes fair compensation for the purposes of this Division, regard may be had to the financial resources of the parties, the financial returns that may be expected from the improvement and other factors.

(3) If compensation is required to be paid to an owner in accordance with this Division, it may be paid in instalments together with any rent payable in respect of the tenancy or in such other manner as may be agreed or as may be determined by arbitration.

Improvement carried out by consent

11. (1) An owner may carry out any improvement on the farm with the consent of the tenant.

(2) If an amount of compensation to the owner for the improvement is fixed by agreement, the tenant must pay the owner the agreed amount, unless the agreed amount is unfair.

(3) If compensation is not fixed by agreement at a fair amount, or is not fixed at all, the tenant must pay fair compensation to the owner.

Improvement carried out without consent

12. (1) Without the tenant's consent, an owner may carry out an improvement on the farm only if the improvement on the farm is first determined by arbitration to be suitable and desirable.

(2) The tenant must pay fair compensation to the owner for the improvement if compensation is determined by arbitration to be payable.

Compensation for deterioration

13. (1) The tenant must pay the owner fair compensation for any deterioration of the farm during the tenancy owing to the failure of the tenant to cultivate the farm in accordance with good farm management and the provisions of any agreement creating the tenancy.

(2) In the case of a dairy farm, any decrease in the milk quota for the farm is one kind of evidence of deterioration of the farm.

(3) In this section, "**compensation**" means an amount representing the decrease in the value of the farm as a result of the deterioration.

(4) The compensation is payable when the deterioration is evident.

(5) The rights of an owner under this section are displaced by an agreement:

- (a) to the extent that those rights are expressly waived by the agreement; or
- (b) to the extent that every use (being a use that is material to any claim for compensation under this section) to which the tenant puts the farm is expressly authorised by the agreement.

PART3—RIGHT'S OF OWNERS AND TENANTS

Tenants' fixtures

14. (1) A fixture affixed to a farm by a tenant for which the tenant does not or cannot claim compensation (and which is not affixed under some obligation or instead of some fixture belonging to the owner) may be removed by the tenant before or within a reasonable time after the tenant leaves the farm, except as provided by this section.

(2) The tenant must not remove a fixture affixed to the farm by the tenant without giving reasonable notice to the owner, and to any occupier for the time being of the farm, of the tenant's intention to remove it.

(3) At any time before the expiration of the notice, the owner may give notice to the tenant of the owner's decision to purchase the fixture. The tenant must then leave the fixture, which becomes the property of the owner, who must pay fair compensation to the tenant as if it were an improvement for which compensation was payable under Division 1 of Part 2.

(4) Before removing a fixture, the tenant must comply with all the tenant's obligations to the owner in respect of the farm.

(5) When removing a fixture, the tenant must not do any damage to any other fixture or other part of the farm:

(6) Immediately after the removal of a fixture, the tenant must make good all damage occasioned to any other fixture or other part of the farm by the removal.

(7) In this section:

"**fixture**" includes a building.

Owners' right of entry

15. (1) The owner, or any person authorised by the owner, may at all reasonable times, with prior reasonable notice, enter the farm for the purpose of viewing its condition, or to perform a duty of the owner under this Act or (subject to this Act) to carry out an improvement.

(2) This section does not authorise the owner to enter any part of the farm used for residential purposes except with the consent of the tenant.

(3) Nothing in this section limits any other right of entry conferred on the owner by or under any other Act or law or by an agreement.

Record of condition of farm

16. (1) A record of the condition of the land and of any buildings, fences, gates, roads, drains and cultivation of a farm, and of any improvements, must be made jointly by the owner and the tenant, if either so requires it, at the commencement of the tenancy and at reasonable intervals during the tenancy.

(2) A record of any improvement carried out by the tenant, and a record of any fixture which the tenant may remove under this Act, must be made jointly by the owner and the tenant, if either so requires it, at reasonable intervals during the tenancy.

(3) At the request of the parties, the Director-General may appoint a person to make a record under this section.

(4) The cost (if any) of making the record must be met by the owner and the tenant in equal shares, unless they come to some other agreement.

Accounts

17. An owner and a tenant each have the duty to keep proper accounts in connection with the tenancy, and each has the right to inspect at all reasonable times, with prior reasonable notice, the accounts kept by the other in connection with the tenancy.

(2) A periodic tenancy (other than a tenancy from year to year) cannot be terminated unless written notice of termination is served by a party on the other party so as to give notice at least equivalent to the length of the term.

(3) A tenancy from year to year cannot be terminated unless written notice of termination is served by a party on the other party so as to give not less than 6 months' notice.

(4) In addition to the requirements of subsections (2) and (3), a tenancy cannot be terminated unless written notice of termination is served by a party on the other party so as to give notice of at least:
